Trainer :

Indra Jaya – CEO at Krona Digital Marketing Agency

Indra, has spent more than 7 years in digital marketing industry, helps companies like Telkom Indonesia, Suzuki, and Zahir Accounting to achieve their digital marketing goals. Right now he is being laser focus to grow his own business by connecting, educating, and transforming client's marketing strategy into the whole next level of digital marketing. He and his team at Krona are more than just capable to help clients to reach millions of targeted people using internet channels, to increase conversions and even to grow the business to more than 300% growth in revenue.

In 2015, Indra joined IMA (Internet Marketing Association) Indonesia as Executive Director with the spirit to connect and to share with so many successful professionals in Indonesia. IMA its self is a global organization directed by top global executives from Microsoft, Oracle and Adobe in 2001. This US based association has more than 1.3 million professionals, marketers, and business owners across the globe as its member.

Some of his skills: Cross Channel Digital Marketing Campaign, Digital Branding, Conversion Optimization, Creative Campaign, Business Development, Digital Assets Development & Management, CRM, Digital Analytic, etc.

Herdiansyah Nurhidayat – CTO at Krona Digital Marketing Agency

Having involved in Technology, Digital Marketing and Multimedia for Clients and Partners with more than 10 years, I have come to realize that it is the power to IMAGINE that leads to great solutions. I am now dedicated to creating bold and superior Design and Innovation for robust businesses across the world.
